## Experience

**Helium, Inc.** [May 2014 - August 2014, Colorado Springs]  
**Junior Web Developer**

Working under the Web Master, I developed several websites based in Wordpress. I was also tasked with many fixes and changes to existing websites made in other content management systems like Joomla!

**Diversified Machine Systems** [January 2014 - May 2014, Colorado Springs]  
**Intern of Graphic Design and Marketing**

Working as part of a team I was responsible for many tasks related to graphic design, web design, and marketing; including maintaining their WordPress website, social media efforts, YouTube videos, branding and more. I learned a lot about taking product photos and videos and editing them, as well as many of the legal factors of the industry.

## Education

**Associates of Multimedia Graphic Design** [Summer 2012 - Summer 2014, Colorado Springs]
